

Telling Time and Data: math practice, Grade 1 – download the PDF

21 problems graded by difficulty (★ easy, ★★ medium, ★★★ hard). Try first, without looking at the solutions!

1 What time is it?

Look at the clock. What time does it show? Write it with “o’clock” and as a digital time.

2 Which hand is which?

A clock has a short hand and a long hand. Which one tells the hour?

3 Half past

What time does this clock show?

4 Say the digital time

A digital clock shows 9:00. A second digital clock shows 9:30. Say each time in words.

5 Block sort

A bag has 4 red blocks, 2 blue blocks and 3 yellow blocks. (a) How many categories are there? (b) How many blocks are there in all?

6 Count the tally

Zoe counted the stickers on a tally chart. How many stickers did she count?

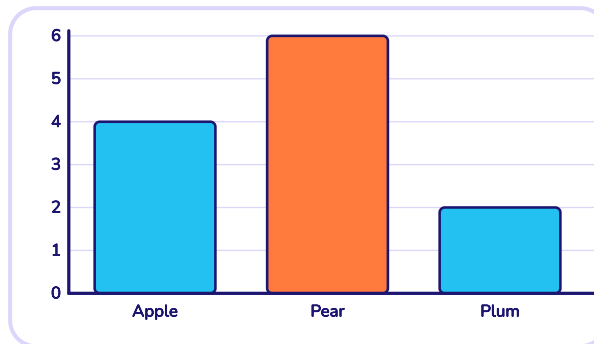

Stickers

7 Fruit bars

Read the bar graph. (a) How many kids chose pear? (b) Which fruit has the fewest votes?

8 Hour or minute?

The long hand points to 12 and the short hand points to 11. What time is it? Then tell what the long hand would point to at half past 11.

9 One hour later

Mia starts piano at 5:00. Her lesson lasts one hour. What time does it end?

10 Half an hour later

(a) What time is half an hour after 3:00? (b) What time is half an hour after 8:30?

11 Morning and noon

School starts at 8:00 and lunch is at 12:00. Which happens first? How many hours are there between them?

12 Pet survey chart

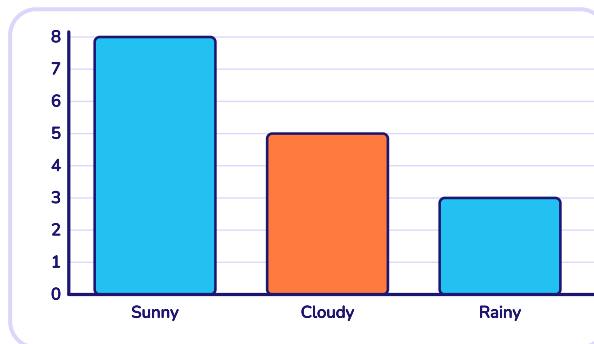

Ten kids named their pet: dog, cat, dog, fish, dog, cat, fish, dog, cat, dog. Make a tally chart in your head. How many dogs, cats and fish are there?

13 Weather bars

Ms. Rivera's class wrote down the weather for 16 days. (a) How many more sunny days than rainy days? (b) How many fewer rainy days than cloudy days?

14 Button box

A box has 12 buttons. 5 are round, 4 are square and the rest are star buttons. How many star buttons are there?

15 Reading a story

Leo begins reading at 4:30 and stops at 5:30. How long did he read? Then tell what time it was half an hour after he began.

16 True or false?

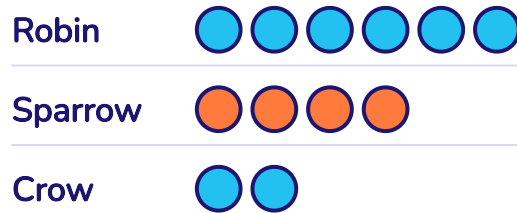

Sam says: "At 6:30 the short hand points exactly at the 6." Is he right? Explain.

17 Bird picture graph

★★★

Each circle is one bird that Ana saw.

(a) How many birds in all? (b) Were there more sparrows, or robins and crows together?
How many more?

18 Recess choices

★★★

12 children chose a recess game. 5 chose soccer, 4 chose tag and the rest chose biking.
How many chose biking? Which game is the favorite?

19 Missing votes

★★★

15 kids voted for a color. 6 voted red, 5 voted blue and the others voted green. How many
voted green? How many fewer kids voted green than red?

20 Lunch tally

★★★

Read the tally chart. (a) How many kids in all? (b) Do pizza and soup together have more
votes than salad? How many more?

21

Morning plan

Nina wakes up at 7:00, eats breakfast at 7:30 and gets on the bus at 8:00. (a) How long is it from waking up to the bus? (b) How long is it from breakfast to the bus?

7:30
